

L.I. – To answer questions about a text

Read page 12-17 of Sweeping Tsunamis and answer the questions below. The first two pages were ones that we read yesterday.

- 1) Look at page 12.
When the sea level drops, what things are uncovered? Name two.
- 2) Look at page 13.
Which waves in the wave train are often the most dangerous?
- 3) Look at page 14.
What problems can farmers have after a tsunami?
- 4) Look at page 15.
What are some of the ways in which normal life DOES NOT return to normal after a tsunami?
Name 3.

Look at pages 16 and 17.
- 5) How many countries were affected by the 2004 tsunami?
- 6) Why are scientists calling for an early warning system to be put in place in the Indian Ocean?
